STILL FIGHT SUGAR TRUST

New York, March 3.—Not satisfied with the millions received in payment of duty evaded by shortweights involving the indictment of Charles R. Heiko, the company's secretary, and the conviction of minor employees, the United States government is still fighting hard to convict the American Sugar Refining company under the Sherman antitrust act.

Such action was contemplated when the company was indicted for putting the Pennsylvania Sugar Refining company out of business, but the settlement of that suit out of court and the interference of another legal tack and the matter was laid before the federal grand jury in New York early in January. Not until today, however, did the scope of the inquiry become public when the grand jury handed up a presentment.

This presentment in itself is but a move of the government to ascertain its rights in the books in question, but incidentally, disclosed the nature of the papers demanded and afforded a key to the scope of the government procedure.

Utica, N. Y., March 4.—Imro Fox, a professional magician and conjurer of national reputation, died suddenly of heart disease while sitting in a chair in the lobby of the Hotel Martin here at 2:30 o'clock this morning. He was 60 years old.
